

POLLINATOR TECHNICIANS NEEDED

SPRING-SUMMER-FALL 2019

We seek to hire two technicians to assist in multiple research projects related to native bees of Alabama.

POSITIONS – APRIL-NOVEMBER (\$10/HR)

Most work will occur in the field under typical Alabamian conditions; some laboratory work is also expected.

Example duties include:

- Travel to field sites around Auburn.
- Netting and collecting bees in experimental plots.
- Wildflower plant surveys.
- Cleaning, washing, drying, pinning, and labeling bees.
- Entering data into spreadsheets.

Required Qualifications:

- Interest in entomology or related discipline.
- Valid U.S driver's license.
- Ability to work outside for long periods.
- Ability to work independently and as part of a team.
- Not scared of/allergic to bees.

Desired Skills:

- Experience in insect collection, plant ID (wildflowers), and data entry
